These photos are produced to closely represent the color and range of our products. We cannot guarantee the accuracy of these images and ask that you please view a physical sample of the brick you are interested in selecting. To ensure your satisfaction, we also recommend viewing the sample in the environment that your brick will be applied.

We would like to thank you for choosing Summit Brick Company. We greatly appreciate your business and look forward to hearing from you!

Summit Brick Company's thin brick will inspire your imagination to create a space that is bold and inviting. Our easy-to-install thin brick gives you the flexibility to turn your white walls into something to remember.

You are not limited to the eighteen colors displayed here. We are able to produce thin brick from any modular color that we manufacture and all of our colors will be the same in thin brick and modular brick. Our specialties are custom blending and tumbling so we strive to offer you products that are unique, innovative and exciting.

Designing your project comes easy when you have style, rich textures and quality. We are inspiring architectural elegance... one brick at a time.
